

HGH - YOUTH COMPLEX

Human Growth Hormone naturally decreases with age, beginning usually when we are about 35-40 years old. Youngevity's Premium H.G.H. Precursors product has a proprietary blend of amino acids, minerals and sea kelp, which make a truly unique product that cannot be found elsewhere in the market.

This product was truly formulated to help you "Live Younger -- Longer"!

- Promotes healthy blood sugar levels
- Promotes a healthy immune system
- Promotes healthy cardiovascular function
- Promotes healthy skin
- Promotes sexual health
- Promotes healthy muscles
- Promotes healthy vision
- Promotes healthy brain function
- Supports healthful exercise
